APPLICANT OVERVIEW

Nilüfer Municipality (NM) is one of the three central district municipalities of Bursa, which is the 4th biggest city in Turkey with 199,270 residents. within the 18,560-hectare land of Nilüfer, there are 24 quarters and 9 villages. Although the central part of Nilüfer has a modern structure, in some areas, life still depends on agriculture and stockbreeding. Bursa Organised Industrial Zone, Nilüfer Organised Industrial Zone and Besevler Small Industry Site which present important employment opportunities to the people of Bursa, are among the boundaries of NM. Nilüfer comes first in Bursa in terms of some indicators such as education and health services, political participation, environmental awareness and cultural activities.

NM introduces its services that are defined in municipalities' legislation with the municipality council, 6 Specialised Commissions, Municipal Assembly, Mayor, 4 deputies, 18 department managers, office responsible and other employees. Their service buildings include for example: service buildings, police stations, culture house, library, Marriage Centre, Youth Centre, Worker Health Centre and 5 Communication Points.
